#### Culture awareness and expression

Cultural knowledge includes an awareness of local, national and European culture heritage and their place in the world. It covers a basic knowledge of major cultural works, including popular contemporary culture. It is essential to understand the cultural and linguistic diversity in Europe and other regions of the world, the need to preserve it and the importance of aesthetic factors in daily life.

### III Fostering cultural education on EU-Level

In the OMC-committee Synergies with education, especially arts education we concentrated our reflections on goals that compliment each other fruitfully:

- the content of cultural education
- reinforcing the status of cultural education
- the academical training of teachers and creative artists
- and the outcome of the teaching of cultural education
