# Position paper (1)

What?

Developing a vision for the future of the ETF  
Additional statistics that illustrate the societal impact of (the material) cultural heritage.

Why?

Societal value of cultural heritage is more than just economic impact  
“It’s not just the economy, stupid”

How?

By creating ‘thematical’ accounts  
heritage resources stock account, use account,  
economic ‘satellite’ account, societal impact account

# Position paper (2)

Proposal for a change of mandate for the EHHF Task Force on Economy and Statistics

New mission Task Force

*“to formulate clear indicators at the European level for assessing the contribution of the material cultural heritage (both movable and immovable) to society”.*
