### The European Heritage Network

The European Heritage Network is a permanent information system gathering governmental services in charge of heritage protection within the Council of Europe. The European heritage Network focus is on cultural heritage, particularly on architectural and on archaeological heritage.

### Thesaurus

The multilingual thesaurus attached to the HEREIN project intends to offer a terminological standard for national policies dealing with architectural and archaeological heritage.

[» read more](#)

### Heritage Discovery

The Heritage-Discovery heading hosts virtual exhibitions intended to illustrate the European cultural diversity through the discovery of its common heritage. These exhibitions have as their goal to present the growing opportunities created by close collaboration between European countries and regions.
